INDEX.

A

Abbott, A. C., is our knowledge of pneumonia sufficient to explain its endemicity and occasional epidemicity? 784
Abdominal binder a substitute for pituitrin in labor, 301
myomectomy and pregnancy, 914
wall, fibroma of, 134
Acidity of stools of infants, 908
Adrenal, heterotopia of, in liver and kidney, 696
Adrenals of cattle, lipoid analyses of, 619
Amœbiasis, urinary, 132
Anaphylaxis in pneumococcus immunity, 777
Anemia, experimental, splenectomy in, effect of, 203
pernicious gastric acholia and, 298
hereditary factor in, 177
sprue and, 28
Anesthesia in obstetrics, 459
Aorta, lesions of, acute rheumatic fever and chronic cardiac disease of rheumatic origin and, 463
rupture of, spontaneous, 619
syphilis of, treatment of, 913
Archer, P. W., studies on color of bile from all bladder and liver, 842
Armstrong, E. L., clinical, pathological, and operative study of icterus index, 583
Arsphenamin in prophylaxis of syphilis, 453
Arthus phenomenon, 154
Aschner, P. W., studies on entrance of bile into duodenum, 679
Autogenous vaccines in treatment of asthma, 447

B

Bacillus botulinus in human and animal excreta, 307
Bacteria, dose of, relation of, to group infection, 778
vegetative activity of, relation of, to pathogenicity, 156
Bacteriologic study of middle-ear infections, 617
Banti's disease, 195
Barrow, J. V., clinical, pathological and operative study of icterus index, 583
Bartle, H. J., gastric secretion, its bactericidal value to man, 373
Bartlett, F. H., lymphatic leukemia in infancy, 819
Basal ganglia, study of, in acute posthemiplegic choreiform movements on unparalyzed side, 247
Basal metabolism, influence of emotional reactions on, 68
Bell's palsy, 505
Berman, L., relation of tethelin to pituitrin, 111
Bernstein, influence of gall bladder in intestinal motility, 838
Bile, color of, from gall bladder and liver, studies on, 842
in prevention and cure of rickets, 464
Biliary drainage, magnesium sulphate in, 398
Blackwater fever, observations in, 764
Blastomycosis, systemic, meningeal, 712
Blood calcium content of in disease of skin, 454
cells, red, peculiar staining reaction in, 924
chemistry in obstructions of upper gastrointestinal tract, 224
picture in symptomatology and therapy of purulent mastoiditis, 775
in scarlet fever, 153, 308
transfusion and blood tonics, value of, in secondary anemias, 563
instrument for, 870
Blood-sugar curves, all-day, in nondiabetics and diabetics with and without insulin, 759
retention in carcinoma, 216
Bodansky, M., effect of splenectomy in experimental anemia, 203
Body fluids, withdrawal of, instrument for, 870
Bone sarcoma, registry of, nomenclature used by, 906
Botulism, effect of anesthesia and sedatives on serum therapy of, 149
outbreaks of, at Albany, Oregon and Sterling, Colorado, 156
Botulinus poisoning, histological study of central nervous system in, 155
Brain, abscess, treatment of, herniation of abscess in, 292
tumors, roentgenological aspects of, 762
Breast, carcinoma of, inflammatory, 291
Breast-fed, rickets in, roentgenological and serological evidence of, 138
Brodie's abscess, 291
Bronchi in children, dilatation of, diagnosis of, injection of iodinized oil in, 137
Bronchitis, amœbic, amœbic dysentery and, 132
Brown, G. C., volume and composition of blood in Addison's disease, 47

INDEX.

A

Abbott, A. C., is our knowledge of pneumonia sufficient to explain its endemicity and occasional epidemicity? 784
Abdominal binder a substitute for pituitrin in labor, 301
myomectomy and pregnancy, 914
wall, fibroma of, 134
Acidity of stools of infants, 908

Blood calcium content of in disease of skin, 454
cells, red, peculiar staining reaction in, 924
chemistry in obstructions of upper gastrointestinal tract, 224
picture in symptomatology and therapy of purulent mastoiditis, 775
in scarlet fever, 153, 308
transfusion and blood tonics, value of, in secondary anemias, 563
instrument for, 870
Blood-sugar curves, all-day, in nondiabetics and diabetics with and without insulin, 759
retention in carcinoma, 216
Bodansky, M., effect of splenectomy in experimental anemia, 203
Body fluids, withdrawal of, instrument for, 870
Bone sarcoma, registry of, nomenclature used by, 906
Botulism, effect of anesthesia and sedatives on serum therapy of, 149
outbreaks of, at Albany, Oregon and Sterling, Colorado, 156
Botulinus poisoning, histological study of central nervous system in, 155
Brain, abscess, treatment of, herniation of abscess in, 292
tumors, roentgenological aspects of, 762
Breast, carcinoma of, inflammatory, 291
Breast-fed, rickets in, roentgenological and serological evidence of, 138
Brodie's abscess, 291
Bronchi in children, dilatation of, diagnosis of, injection of iodinized oil in, 137
Bronchitis, amœbic, amœbic dysentery and, 132
Brown, G. C., volume and composition of blood in Addison's disease, 47

Buckman, T. C., blood platelets in leukemias, 477
Burden, V. G., obstructive jaundice, 888
Burns, cutaneous, gastrointestinal ulceration following, 119

C

Calcium, acid-alkali balance and, 611
and blood coagulation, studies in, 572
content of blood in diseases of skin, 454
Calcium-digitalis treatment of cardiac patients, 764
Caldwell, D., mother's milk in epidemic pemphigus neonatorum, 419
Caldwell, D. W., on epidemiology of pemphigus neonatorum, 736
Cancer, arsenic, of occupational origin, 454
of cervix, treatment of radiation, in, 304
surgical, end-results of, 146
etiology of, 461
ovarian, treatment of, 306
radiological cure of, 134
ulcer of stomach and, 619
Carbohydrate rectal feeding in treatment of pernicious vomiting of pregnancy, 301
Carbon tetrachloride poisoning, pathological histology of, 904
Carcinoma, blood-sugar retention in, 216
of breast, inflammatory, 291
of esophagus, 625
formation of, effects of repeated roentgen-ray exposures upon human skin antecedent to, 919
of urethra, primary, 147
Cardiac murmurs, systolic, interpretation of, 313
Catarrhal jaundice, leukocytic picture in, 59
Cecum, plication and tucking of, 293
Celiac disease, 765
Cerebral abscess, abscess of lung and, 762
Cerebrospinal fluid, sugar content of, blood sugar and, 906
syphilis, intravenous and intraspinous therapy in, 39
Cerebroventricular study, 134
Cesarean section, cervical dilator for, 145
indications for sterilization following, 142
for premature detachment of placenta in bifid uterus, 456
Chancres, local Wassermann reaction on serum of, 298
Chancroid, treatment of, 140
Child-birth, painless, synergistic methods in, 613
Cholangitis, leukocytic picture in, 59
Cholecystic disease, roentgenologic diagnosis of, with sodium salt of tetrabromphenolphthalein, 605
Cholecystitis, pancreatic enzymes in, 758
Cholesterol content of blood, genitourinary sepsis and, 907
Chorio-angio fibroma, 303
Citelli, tympanic presclerosis of, 617
Clark, A. S., radium in dermatology, 355
Clarke, N. E., heart block of unusual etiology, 882
Cleft-palate, surgical treatment of, 907
Cocke, C. H., chronic familial hemolytic jaundice or Banti's disease, 195
Colitis, ulcerative, ocular lesions complicating, 260
Common colds, blood plates associated with, variation in number of, 465
Communicable diseases of children, 622
Congenital defects, etiology of, 459
fixation of duodenum, 328
Craver, L. F., simulation of acute respiratory diseases by secondary lung tumors, 792
Crohn, B. B., ocular lesions complicating ulcerative colitis, 260
Cutaneous tuberculin test in children, lymphangitis and, 609

D

Dabney, V., Bell's palsy, 505
Dandruff, seborrheal?, 453
Decidua, hyperplasia of, and hemorrhage at end of gestation, 303
Dehydration in nutritional disorders of infancy, 236
Denis, W., method of determination of gastric acidity by test papers, 25
Denton, J., pathology of fatal measles, 531
Diabetes, diagnosis of, pitfalls in, 102
mellitus, epidemiology of based on mortality statistics, 926
Diaphragm, eventration of, 668
Dick test and active immunization with scarlet streptococcic toxin, 451
and immunization against scarlet fever, 767
Dilatation of bronchi in children, diagnosis of, injection of iodinized oil in, 137
Diphtheria, diphtheria carrier and, 779
epidemic, suppression of, toxin-antitoxin in, 312
tonsillectomy and, 780
toxin, modification of, by formaldehyde, 443

Dislocation of elbow, unreduced posterior, operation for, 907
Draper, G., human constitution, facial form and disease correlation to, 322
observations after ten years on a series of cerebrospinal syphilitics treated by intravenous and intraspinous therapy, 39
Draper, J. W., systemic reactions to oral infection, 429
Drug addiction in United States, prevalence and trend of, 466
Duct stones, common, primary suture of common duct and, 444
Dunn, H. L., human constitution, facial form and disease correlation to, 322
Duodenal ileus, chronic, 763
ulcers, protein therapy and surgical treatment of, 763
Dystrophia adiposogenitalis, 489

E

Ear, nodular growth of, 913
Ebaugh, F. G., use of lipiodal in localization of spinal lesions, 865
Ectopic gestation, time for operation in, 462
Eczema, experimental studies on, 913
Einhorn, M., pancreatic cysts, 389
Electrocardiographic studies of effects of ether in living cat's normal heart, 516
Ellison, R. F., studies in gastric analysis, 550
Encephalitis, epidemic, residue and sequelæ of, 450
virus, pathology of, 604
lethargica pregnancy and, 457
Encephalitogenic virus, herpetic strain of, 759
Encephalitozoön cuniculi as kidney parasite in rabbit, 923
Encephalogenic virus, exotic, 604
Endocervical enucleator, 305
Endocrinology in pediatrics, hypoplastic-dyspituitary type of child in, 449
Enuresis, certain aspects of, 136
Enzymatic concentration of human intestinal contents from a duodenal fistula, food intake and, 760
Erysipelas, skin infection of rabbits with hemolytic streptococci from, 603
Erythematous lupus, mouth lesions of, 911
Erythrocytes, sedimentation rate of, 209
Esophagus, carcinoma of, 625
sarcoma of, 625
Exophthalmic goiter, treatment of, insulin in, 133
Extrasystole, question of practical significance and treatment of, 448
Extra-uterine pregnancy at full term, 455

F

Feinblatt, H. M., an instrument utilizable for blood transfusion, hypodermoclysis, intravenous infusion, phlebotomy, withdrawal of fluids from body cavities, 870
Felberbaum, D., electrocardiographic studies of effects of ether on living cat's normal heart, 516
Femur, neck of, fractures of, treatment of, 607
shaft of, fractures of, 132
Ferrata, hemohistioblast of, observations on, 336
Fetus, development of, menstruation and, 302
Fibrosarcoma of skin, 455
Flagellate infection, transmission of, from plant to animals, 155
Foot, N. C., malignant small-celled thymoma with acute lymphoid leukemia, 161
paralytic deformities of, surgical treatment of, 445
Foster, N. B., goiter heart, 662
Fractures of hip, 294
of patella, sutures of fascia lata and, 607
of shaft of femur, 132
Frazier, C. H., pain phenomena of face, their origin and treatment with special reference to trigeminal neuralgia, 469
Friedlander, A., malignant small-celled thymoma with acute lymphoid leukemia, 161

G

Gager, L. T., intermittent complete heart block and ventricular standstill, 656
Gall-stone formation, causes of, 151
Garbat, A. L., new method for studying pure gastric secretion, 687
Gastric achylia, simple and pernicious anemia and, 290
acidity, determination of, by test papers, 25
analysis, studies in, 550
and duodenal ulcer, roentgen-ray examination of spontaneous pneumoperitoneum, 135
lavage in treatment of pernicious vomiting of pregnancy, 301
secretion, its bactericidal value to man, 373
pure, study of, 687
ulcers, protein therapy and surgical treatment of, 763

Gastrointestinal tract, upper, obstruction of, clinical and laboratory clinical findings in, 224
ulceration, cutaneous burns, 119
Gatewood, W. E., syphilis of digestive organs, 253
Genito-urinary sepsis, cholesterol content of blood and, 907
tract, tuberculosis of, confined to prostate, 292
Gleckler, J. D., effect of splenectomy in experimental anemia, 203
Goiter, exophthalmic, iodin in, 765
heart, 662
in rats, production of, by restricted iodin feeding, 149
Goodell, H., sedimentation rate of erythrocytes, 209
Greenberg, D., pulmonary neoplasm, 648
Greer, A. E., lung, abscess, 345

H

Haden, R. L., relation of chronic foci of infection to kidney infection, 407
Hair, tensile, strength of, 140
Harkins, M. J., gastric secretion, its bactericidal value to man, 373
Hartman, H. C., effect of splenectomy in experimental anemia, 203
Hearing, presence of noise and, 616
Heart, bullet wounds of, 872
disease, abnormal electrocardiograms and, 270
effect of pertussis on, 909
goiter, 662
block and ventricular standstill, intermittent complete, 656
of unusual etiology, 882
Hemorrhage, postoperative, mechanism of, 133
Herpes virus, varieties and properties of, 905
How salt preserves, 780
Hulsey, S. H., ringworm of toes as found in university students, 267
Human body, effects of external heat on, 485
constitution, facial form and disease correlation to, 322
Hydatid mole, genesis of, 770
Hypernephroma, clinical study of, 615
Hypersensitiveness to derivatives of hemolytic and nonhemolytic streptococci, 462
Hypodermoclysis, instrument for, 870
Hysterectomy, chemical, 460
total versus subtotal, 773

I

Immunity by inhalation, production of, 310
Impetigo contagiosa bullosa, mother's milk a source of infection in, 419
Inoculation and implantation experiments in monkeys with glands from cases of Hodgkin's disease, 464
Insulin in treatment of exophthalmic goiter, 133
Intestinal indigestion, chronic, 765
motility, gall bladder and, 838
obstruction in monkey, experimental, 922
putrefaction, intestinal reductions and, 289
reductions, intestinal putrefaction and, 289
Intravenous continuous drop infusion, 605
infusion, instrument for, 870
Irradiated foods and irradiated organic compounds, 910
Ivy poisoning, treatment of, rhus tincture and antigen in, 453

J

Jackson, C., carcinoma and sarcoma of esophagus, 627
Jaffe, R. H., vascular changes of kidney in hypertension, 88
Janes, M. L., comparative value of blood transfusion and blood tonics in secondary anemias, 563
Japan, epidemic outbreak in, 624.
Jaundice, hemolytic, chronic familial, 195
in intracranial hemorrhage of newborn, 769
obstructive, 888
John, H. J., pitfalls in diagnosis of diabetes, 102
Johnson, R. K., systemic reactions to oral infection, 429
Jonas, L., dehydration in nutritional disorders of infancy, 236
Jordan, F. M., ringworm of toes as found in university students, 267
Judd, E. S., obstructive jaundice, 888

K

Kelly, T. C., blood-sugar retention in carcinoma, 216
Kidney heterotopic of adrenal in, 696
infection of, relation of chronic foci of infection to, 407
necrosis of, 606
vascular changes of, in hypertension, 88
Knox, L. C., chronic mediastinitis, 807
Kolmer modification of Wassermann test, 141
Krigel, H. T., electrocardiographic studies of effects of ether on living cat's normal heart, 516

L

Labor, abdominal binder as substitute for pituitrin in, 307

Labor, sudden death following, 771
Lawrence, J. S., direct effect of radium irradiation on leukocytes, 158
Laurence-Biedl syndrome, 489
Leprosy work at Culion, 760
Leukemia, acute lymphoid, malignant small-celled thymoma and, 161
myeloid, oxydase reaction in, 776
blood platelets in, 477
lymphatic, in infancy, 819
skin manifestations and, 298, 300
Leukemic process, neoplastic nature of, 691
Leukocytes, direct effect of radium irradiation on, 158
Levine, B. S., influence of emotional reactions on basal metabolism, 68
Light treatment in medicine, 920
Liver, heterotopic of adrenal in, 696
Liver-spleen disease, systemic, 297
Lloyd, J. H., basal ganglia in acute posthemiplegic choreiform movements on unparalyzed side, 247
Lung abscess, 345
postoperative massive collapse of, 445
tumors of, simulation of acute respiratory diseases by, 792

M

McLean, S., retropharyngeal lymphadenitis in infancy and early childhood, 543
McPhedran, F. M., automatic synchronization of roentgen-ray exposures, 510
McVicar, C. S., clinical and laboratory clinical findings in cases of obstruction of upper gastrointestinal tract, 224
MacAusland, A. R., injuries to musculospiral nerve, 1
W. R., injuries to musculospiral nerve, 1
Malaria, mortality from, 623
in Southern United States, epidemiological factors in distribution of, 467
Malta fever, cattle a source of infection in, 466
Manwaring, W. H., effect of premature dogmatization in medical science, 781
Mastoiditis, purulent, blood picture of, 775
Measles, fatal, pathology of, 531
Mediastinitis, chronic, 807
Mellon, R. R., further observations on epidemiology of pemphigus neonatorum, 736
mother's milk a source of infection in epidemic pemphigus neonatorum, 419
Mercurochrome-220, use of, complications following, 293
Meteorological conditions, seasonal changes in organ weights and their relation to, 152
Meulengracht, E., hereditary factor in pernicious anemia, 177
Meyers, I. L., nystagmus: neuro-otologic studies concerning its seat of origin, 742
Middle-ear infections, bacteriologic study of, 617
Middleton, W. S., leukocytic picture in catarrhal jaundice, 59
Milk, acidification of, with vinegar, 766
injections in pelvic infections, 772
sanitation program, 926
Miller, H. R., electrocardiographic studies of effects of ether on living cat's normal heart, 516
Minot, G. R., blood platelets in leukemias, 477
Mitchell, G., dehydration in nutritional disorders of infancy, 236
Molds, pathogenic, chemical composition of trichophytin, the active antigenic principle of, 912
Montgomery, R. B., sole prints of newborn babies, 830
Moore, W. F., ciliary inhibition on destruction in tracheo-bronchial asthma, with notes on bronchoscopic treatment, 799
Musculospiral nerve, injuries to, 1
Mycotic paronychia, dermatitis and, 911

N

Narcotic drugs, addiction to, mental and nervous side to, 310
Narcotics, per capita medicinal requirements of, 622
Neoarsphenamin in prophylaxis of syphilis, 453
Nephritis, electrocardiogram, 76
Nervous system, central, in experimental botulinus poisoning, a histological study of, 155
Newborn babies, metabolism of, food and crying and, 608
intracranial bleeding in, 611
hemorrhage of, yellow spinal fluid and jaundice in, 769
natural immunity in, 613
retinal hemorrhage in, 295
sole prints of, 830
Niles, W. L., congenital fixation of duodenum, 328
Novak, E., gastrointestinal ulceration following cutaneous burns, 119
Nystagmus, neuro-otologic studies on, 742

O

Obesity in children, 452
Obstetric teaching, live method of, 458

Obstetrical analgesic, morphin and magnesium sulphate, 143
Obstetrics, anesthesia in, 459
Olds, W. H., clinical, pathological, and operative study of icterus index, 583
Oral infections, systemic reactions to, 429
Ovarian cancer, treatment of, 306
Ozena, etiology of, 618

P

Paralysis, infantile, seasonal prevalence of, 927
Pancreatic cysts, 389
Pancreatitis, acute, 762
Paratyphoid-enteric infection of white mice, microbic virulence and host susceptibility in, 155
Pardee, H. E. B., heart disease and abnormal electrocardiograms, with special reference to coronary *T* wave, 270
intermittent complete heart block and ventricular standstill, 656
Pellagra prevention, dried beans, casein dried milk, brewers' yeast and, 623
Pelvic infections, milk injections in, 772
suppuration, treatment of, 917
Pemberton, R., summary of effects of external heat on human body, 485
Pemphigus neonatorum, epidemic, mother's milk source of, 417
epidemiology of, 736
Peptic ulcer, new diet for, 448
Pericarditis, primary tuberculous, 815
Peritoneal tuberculosis in children, ultraviolet-ray therapy in, 294
Phagocytic cells in spleen of rabbit, types of, 621
Phlebotomy, instrument for, 870
Piney, A., neoplastic nature of leukemic process, 691
Pituitary extract in obstetrics, 612
relation of tethelin to, 111
Placental infarcts, 612
Plague, Public Health Service and, 623
Pleural effusion, autoserotherapy in, 449
Physical defects in university students from rural and urban districts, comparison of, 779
Pneumonia, epidemicity of, 784
lobar, pneumococcus antibody solution in, 758
Pneumonokoniosis in the Ruhr, 921
Poliomyelitis, anterior, study of epidemic of in Kansas in 1923, 451
Posthemiplegic choreiform movements, acute, on unparalyzed side, 247
encephalitis lethargica complicating, 457
extra-uterine, at full term, 455
Prostatectomy, ideal, 606
Proteus group of organisms, fatal infection with, 465
Pruritus ani, operative cure of, 615
vulvæ, operative cure of, 615
Pulmonary infection with spirochætæ and fusiform bacilli of Vincent, 131
neoplasm, 648

Soper, H. W., magnesium sulphate in biliary drainage, 398
Spasmophilia, sunlight and, 297
Spinal lesions, localization of, lipoidal in, 865
Spirochæta pallida in cerebrospinal fluid in early syphilis, 290
Spirochætæ, pulmonary infection with, 131
Splenectomy in Egyptian splenomegaly, 605
Splenomegaly, Egyptian, 605
Spurling, R. G., direct effect of radium irrdiation on leukocytes, 158
Staphylococcus aureus, production of exotoxin by, 620
Sterility, relief of, progress in, 142
Stokes, J. H., primary inoculation tuberculosis of skin with metastasis to regional lymph nodes, 722
Stomach, normal movements of, 919
Stools of infants, acidity in, 908
Streptococci, hemolytic and nonhemolytic, hypersensitiveness to derivatives of, 462
skin infection of rabbits with, 604
from erysipelas, 603, 776
toxin, Dick test and active immunization with, 451
Streptococcus, biology of, 309
Streptococcus, scarlatinæ, agglutination and absorption of agglutinin with, 309
Syphilis of aorta, treatment of, 913
cerebrospinal, intravenous and intraspinous therapy in, 39
of digestive organs, 253
early stage of spirocheæta pallida in cerebrospinal fluid in, 290
prophylaxis in, 453
simultaneous veins and Wassermann tests for, 452
Syphilitic and chancroidal infections, incidence of, 453
fetus and new-born, significance of presence of nephrogenic zone of kidney in, 449
placenta, study of, 458

Teeth of children in Cape Province, 296
Testicle, malignant disease of, 291
Tetany, idiopathic, tetania parathyreopriva and, 451
Tethelin, relation of, to pituitrin, 111
Tetrabromphenolphthalein, sodium salt of, roentgenologic diagnosis of cholecystic disease with, 605
Thayer, W. S., reflections on the interpretation of systolic cardiac murmurs, 313
Thermic and leukocytic response of rabbit to inoculation with virus of measles, their value as criteria of infection, 779
Thewlis, E., leukocytic picture in catarrhal jaundice, 59
Thyroid disease, surgical after-treatment in, 446
gland, desiccated, iodin compounds in, 860
survey of elementary school children in Cincinnati, 312
tumors of, malignant epithelia, 446
Thyroxin and tryptophane content of diseased thyroid gland, 860
effect of, on cutaneous system in sheep, 149
Tibial tubercle, lesions of, 761
Tonsillar concretions, incidence and pathogenesis of, 774
Tonsillectomy, relationship to scarlet fever and diphtheria, 780
Toxin-antitoxin in suppression of diphtheria epidemic, 382
Tracheo-bronchial asthma, ciliary inhibition or destruction in, bronchoscopic treatment in, 799
Trigeminal neuralgia, pain phenomena of face and, 469
Tubercle bacilli, serological classification of, by agglutination and absorption of agglutinins, 924

Tuberculin test in children, cutaneous lymphangitis and, 609
Tuberculosis in children, ultraviolet-ray, therapy in, 294
colliquativa, 454
complement-fixation test in, 620
experimental, skin hypersensitiveness in, 154
of female genitalia, light and rays in treatment of, 921
of genito-urinary tract confined to prostate, 292
immunological studies in, 154
skeletal, pathogenesis of, 761
skin, primary inoculation, metastasis to regional lymph nodes and, 722
Tularemia infection in ticks of species Dermacentor Andersoni Stiles in Bitter Root Valley, Mont., 779
Tumors of lung, simulation of acute respiratory diseases by, 792
soft tissue, radiological study of, 292
of thyroid, malignant epithelial, 446
of vulva, fibroid, 917

U

Ulcer, of stomach, cancer and, 619
Ulceration, gastrointestinal, following cutaneous burns, 119
Ulceration colitis, ocular lesion complicating, 260
Ulcers, gastric, protein therapy and surgical treatment of, 763
Ultraviolet irradiation, antirachitic properties imparted to inert fluids and green vegetables by, 443
rays of sun, 909
therapy in peritoneal and glandular tuberculosis in children, 294
Uremia, electrocardiogram in, 76
Urethra, primary carcinoma of, 147
Urethral caruncle, treatment of, 772
prolapse in women, importance of, 918
Urinary amœbiasis, 132
lithiasis, diagnosis and treatment of, 135
Uterine bleeding, benign, radium therapy in, 304
prolapse, end results after operation for, 769
Uterus, hydatid moles in, 456

V

Vance, B. M., three unusual cases of bullet wounds of heart showing attempts at healing, 872
van den Bergh test, clinical value of, estimation of, 850
Vincent, fusiform bacilli of, pulmonary infection with, 131
Vitamins, immunological significance of, 444
von Hofe, F. H., retropharyngeal lymphadenitis in infancy and early childhood, 543
Vulva, acute ulceration of, 139, 614
